02805 Social Graphs and Interactions · Test 1 · Results

Posted 20 October 2026 · 186 paper tests · 6 students without a Test 1 · scores out of 28

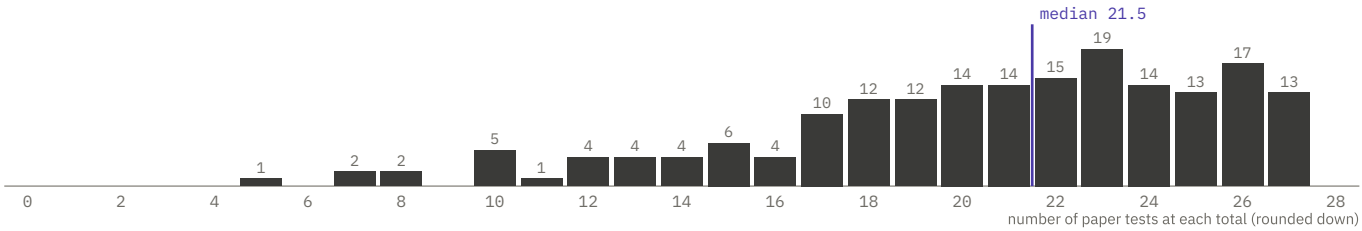

Each of you has been emailed a **secret identity**, a character from the week 1 Marvel network. Find your character below and you have your score. Nobody else can tell which row is yours, so you can also see where you stand in the class.

Part A is the 16 multiple-choice questions, 1 point each. **Part B** is the four tasks, 3 points each. The list is sorted by total; within a total, alphabetically; the characters we have no paper test from close the list. If your character is not here, or you think a number is wrong, write to Sune (sljo@dtu.dk). The list is updated if a score changes; the date above says which version you are reading. The characters stay the same for Test 2.

How the class did

186 paper tests · total out of 28
